

Secure. Reliable. For Medical Suppliers

Every business is different but no business type is more specialized than a healthcare-oriented B2B business. Whether your business sells to medical care providers, governmental organizations or to other businesses, we understand that you want a secure, reliable payments provider. That's exactly what you can expect from Converge.

Accept Payments in a Variety of Ways

Keep your proprietary inventory and accounting system separate. Converge does not require any integrations – a computer with internet connection is all you'll need. When it's time to bill a customer, log into Converge to accept the payment. Converge enables your business to accept payments over the phone, online, by invoice, and in-person. For big purchases, set your customers up to pay in installments. Need to charge your customers monthly? No problem, Converge offers recurring payments and additional tools to notify you when the card on file is set to expire so you can act proactively. We also have a built-in invoicing a quotes system so you can secure business and accept payment online.

Save Big on Level III Processing

Businesses like yours can take advantage of Visa and Mastercard's Level III interchange reduction program with Converge. Our all-in-one payments product enables your company to add products or services to our built-in catalog so that you can include all of the required line item detail the card brands require. Converge makes it easy to capture the savings – everything you need is built right in.

99.9% Uptime

Converge is not just secure, it's also very reliable. Every EMV terminal, online payment page, and Converge screen is encrypted. We offer tokenization services for companies who need to store card data on file securely. We also offer a suite of fraud rules and employee privileges that you can set up to protect your business further. Prevent fraud and tackle chargebacks proactively with Converge.

We make it possible. You make it happen.

Let customers pay any way they please

Converge is the powerful payments partner businesses across North America choose to support their payment needs. Accept credit, debit, check, and ACH payments securely. Our cloud-based platform empowers you to take payments anywhere – in your store, office or website. And now, send invoices that are payable online too.

Bill Like a Team. Report like a Boss. Give your entire staff the ability to send Quotes and Invoices and track to see who's getting the best conversions. See your company's financial health – all in one reporting dashboard. No matter how many ways your business accepts payments, everything is managed and reported on in Converge.

Turn the Quote to New Money. Win business and track conversion rates with our built in Quotes feature. Quotes that are accepted are immediately converted into payable invoices.

Save Payment Data Confidentially. Build a customer database in Converge for easy billing. Once a customer makes a payment by invoice, their payment information is tokenized and stored. Save time billing customers in the future for new Invoices, or set customers up on recurring and installment plans.

No integrations ever. Everything you need is built right in Converge. As enhancements are made available, you'll receive them without having to do a thing.

Customize the invoice and payment pages to reflect your company's brand
